

Shelly Universal Light

MSRP \$29.95 USD

The ***SHELLY Universal*** light is a petite powder coated aluminum light measuring one and seven eighth inches long by three quarter inches deep. This light fixture represents a shell appearance with soft curves and a bottom lip. The light output powdered by 3 NexGen LEDs delivering an award-winning display of warm downward or upward glow. This unique shape is creative sharing a wide spread pattern onto the surface in which it is mounted. Most versatile light on the market—used as a stair riser light, rail post light, a post up light and many interior applications that you can possibly drum up. The mounting back plate design provides you the installation flexibility to turn in any direction.

Available in 7 powder coat colors: Black, White, Bronze, Dark Copper Vein and our premium colors, Majestic Stone, Pearl Shore and Sultry Cove. This light is waterproof, weatherproof, salt air and hail damage resistant.
